

Accommodation

Even though we are not able to provide on-site accommodation, there are plenty of reasons to consider Long Furlong Barn as your venue choice!

Our "exclusively yours" approach, which we take pride in, guarantees that every couple believes that Long Furlong Barn is their location on their wedding day. That experience would be altered if accommodation were offered for the next day, as couples would have to share their wedding day, with one leaving to make room for the other.

Instead, we can offer multiple getting-ready rooms, décor included and the option of early access for getting ready and of course, our award-winning venue team to make sure your day is everything it should be.

W

We work with local hoteliers and lodges to provide couples with a variety of choices just a few minute's drive away.

The Venue Team x
